

Your Year In Your Numbers

Annual Forecast based on your Personal Year Number

By Malati Khanna

Discover what surprises are in store for you in the New Year! Understand the mysteries of your Personal Year Numbers and find your true source of power now!

To calculate your personal Year Number, just add your 1) date of birth 2) month of birth and 3) the current year i.e. 2014.

For example:- If you are born on 12 November, then your personal year for 2014 will be calculated as follows:-

1+2	+	1+1	+	2+0+1+4	=	12	=	1+2	=	3
Date of Birth		Month		Current Year		Total		Personal Year		

So Number 3 is your Personal Year Number for 2014.

(If the numbers add up to more than 9, then add the 2 digits together to obtain a single digit number (as in the above case).

Opportunities:- Look forward to the year, when the spotlight is on you! A very innovative and a creative period is ahead! Support from family and friends will play a vital role for success. Seeds sown in the past will now yield monetary results.

A particular skill will help you to prosper in your career. Remain focused and optimistic to achieve the desired targets. Job-seekers will find their career at an upward swing. Plenty of options and new sources of income will open up. Diligence and sincerity along with creativity will surely reap rewards. A new activity will spark your imagination! Fresh ventures and projects will be financially beneficial. Avoid switching careers midstream, when you seem to be on the winning path. Make radical changes and consolidate your finances wisely for the future. Be prepared for recognition and applause for your natural talents on job. Buying a home or renovations at home will be high on agenda. Business-related travel will be profitable during mid-year. Intellectual pursuits will be successful after mid-year. A legacy or a windfall is in the offing!
